INVITES YOUR ACCOUNT**OIL and GAS NEWS**

A. A. Michaels and Ralph Weed were in the city today from the fields.

Magnolia Pipe Line is now making runs from the field that average about 17,000 barrels a day.

Stockmans Oil company No. 2 in the south part of section 15-4-3 is drilling at a depth of about 700 feet.

Maloney Oil company's No. 3 in section 9-4-3 is drilling at a depth of about 400 feet. Hivick Bros. have the drilling contract.

W. G. Skelley came in from the fields last night and left on a hurried business trip to Ada. He will probably be back here tonight.

R. L. Stiner of Claremore, who is

prominent in the oil business, is an Ardmore visitor today and is in conference with Healdton field producers.

The Magnolia people have begun work on the pump station at Waurika which will materially add to the capacity of the pipe line to Healdton.

The Oklahoma Star well in section 16-4-3 has a gauge of 46 barrels, but is making 60 barrels. This well is in the northeast of the southeast of the section.

Hivick Oil and Development company is moving in tools on No. 2 Oklahoma Star Oil company in section 16-4-3, on No. 12 on the Crosse-Smith lease in section 5-4-3 and on No. 5 on the Crosse & Davis & Davis lease in section 10-4-3.

Dundee Petroleum company on the Keck lease in section 5 is drilling in a new well today. It made several flows and is showing for a good well. The same company will clean out No. 2 on the Million & Thomas lease at once.

Building Power Plants.

Frick-Reid Supply company is now engaged in putting in power plants for the Glenwood Oil company in section 4, for Crosse & Davis in section 10 for the Producers Oil company in section 10. G. D. Payne, local manager for this company, is a very busy man.

Duboise Looking Better.

Duboise Oil company in 19-4-1, northeast of Lone Grove, is drilling at a depth below 1,100 feet. The formation is gradually changing from the dark shale into a blue shale, interspersed with gravel. The owners are pleased with the well and are encouraged over the present prospects.

Two New Wells.

Skelley & Russell have almost completed Nos. 4 and 5 on the Ward lease in section 6-4-3. Both wells will be put on the gauge tomorrow. They are in the best portion of the field discovered so far and both will be big wells. The people are rigging up on Nos. 6 and 7 and are building rigs.

Rexall
"93" Hair Tonic
stops the hair from falling out
Ringer Drug Co.

for 8 and 9. They have two steel tanks completed and a third tank is under construction.

Raising the Percentage.

Gates Oil company is making runs exclusively to the Gainesville line. It is not running to the Magnolia nor to steel. The Ardworth Oil company is doing just the same as the Gates. The McMan company is making runs exclusively to steel, and is not using the pipe lines. The Corsicana people are doing the same thing. By these companies doing this, the percentage of runs is raised for the other companies that are delivering oil to the Magnolia.

Doubling Pipe Line.

The Magnolia Pipe Line company began yesterday to string pipe for the doubling of the line between Healdton and Addington and a crew of men began work this morning to lay the line. The total length of the line is 26 miles but ten miles have been looped and there remains but sixteen miles to be built. The crew of men at work can build a mile a day and by the end of the month the work should be completed unless the weather should materially interfere with the progress.

To Oklahoma City.

W. B. Johnson, attorney for the Ardmore Producers association, Wirt Franklin, president of the association, R. A. Hefner, local attorney for the Magnolia Pipe Line company, and Chas. R. Stewart, Healdton field manager of the pipe line, are in Oklahoma City, where they were present today when the complaint of the producers before the corporation commission was called. The producers seek to have every producing company enjoined from taking oil from the sands until it can be sold at the well at a price not less than 55c a barrel.

The Graham Field.

Earl Athey who is drilling the well in section 7-2-2 was an Ardmore visitor yesterday. This well is now at a depth of 1,920 feet and is drilling. Mr. Athey is of the opinion that he will reach the sand by the 25th of the month, unless something interferes with his present progress. Much interest is being manifested in this well and visitors come to that locality. Mr. Athey has a large acreage leased in Uvalde county, Texas, and has arranged to drill a well there. Other parties will do the drilling and Mr. Athey's absence from Carter county development will not be required.

Chief Surgeon Visits Ardmore.

Dr. J. M. Lemons, chief surgeon of the Arkansas Short Leaf Lumber company of Pine Bluff, Ark., is an Ardmore visitor. For four years the doctor has not taken a vacation and he had an opportunity to get off at this time for a few days, and he chose to spend that time in Ardmore. He is a reader of The Daily Ardmoreite, and has become interested in the development here. He holds oil leases in Love county and it is possible that he will start some development in that county. He will be here for the balance of the week, and will spend a portion of that time in the Healdton field. Dr. Lemons is also giving some study to the causes of the explosion here on September 27, which has been of much interest to scientific minds.

A Congested Post Office.

The postmaster at Wirt these days is a busy man. There is no bank in the oil field and the money order window is busy all day. There is no express company there, and the patrons use the post office as an express company and a full load of parcels are received and distributed every day. Postmaster Whitman at his own expense has installed 97 lock boxes for the accommodation of his patrons. The office is of the fourth class and does not permit the postmaster to employ an assistant. The office should be changed into one of a higher class, the postmaster should be given an assistant, and the mail carrier should be given a decent sum for carrying the mail. There is no reason why the government should use a year's time to make a change in a postoffice when a big business concern would need only a day to arrange matters so the postmaster would be properly taken care of.

\$100 Reward \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system, thereby destroying the foundation of the diseases, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. Cheney & Co., Toledo, Ohio. Sold by all Druggists, 75c.

Appraising Panhandle Lands.

Oklahoma City, Nov. 9.—Appraisers are busy in the counties of the Oklahoma Panhandle passing on values of the school lands in Texas, Cimarron and Beaver counties that have reverted to the state since the sale of such lands one and two years ago. It is understood that a great deal of the land reverted to the state on account of non-compliance with the terms of sale and that this land will be offered again soon.

YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS COMING OUT

Save your hair! Make it thick, wavy, glossy and beautiful at once.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A 25-cent bottle will double the beauty of your hair.

ARDMOREITE SUBSCRIBERS
If at any time you fail to receive your paper by 6:30 p. m. on week-days, or by 8:00 a. m. on Sundays, and will phone No. 5, I will send you a paper by special delivery boy immediately upon receipt of your call.
No complaints can be handled if call is not received on or before time stipulated.
R. T. MEEKER,
Circulation Mgr.

What to Do for Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 25c or \$1.00 for extra large size, get a bottle of Zemo. When applied as directed, it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is dependable and inexpensive. Try it, as we believe nothing you have ever used is as effective and satisfying.
Zemo, Cleveland.

SPECIAL SESSION IS OPPOSED.

Luther Harrison Says He Sees No Emergency at This Time.

Oklahoma City, Nov. 9.—Luther Harrison of Wewoka, a member of the legislature, was in the city this week and said he is not in favor of a special session of the legislature this winter for the reason that special sessions are generally unpopular with the people, and he sees no emergency that makes such a session necessary. Another democratic member of the lower house who has expressed himself as opposed to a special session is John Wright of this city.

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well-known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood, Builds up the Whole System. 50 cents.

Bottles in a Trunk.

If you have to pack bottles in a trunk, tie in the corks and wrap them in soft towels, garments, etc., and place in the middle of the trunk away from anything the contents would ruin if leakage occurs.

In damp, chilly weather there is always a large demand for BALLARD'S SNOW LINIMENT because many people who know by experience its great relieving power in rheumatic aches and pains, prepare to apply it at the first twinge. Price 25c, 50c and \$1.00 per bottle. Sold by Bomar Drug Co.

SUPREME COURT HOLDS INSURANCE LAW VALID

Oklahoma City, Nov. 9.—The act of the last legislature, which created a state insurance board with power to control insurance business and regulate rates to be charged by insurance companies, was upheld by the supreme court in an exhaustive opinion by Justice Hardy, concurred in by all justices.

The decision affirmed the district court of Oklahoma county in the case of the Insurance Company of North

NOTICE BY PUBLICATION

State of Oklahoma, Carter County, In the District Court.
Laura Moore, Plaintiff, vs. Lonnie Moore, Defendant, No. 3096.
Said defendant, Lonnie Moore, will take notice that he has been sued in the above named court for divorce and custody of children, and must answer the petition filed therein by said plaintiff on or before the 18th day of November, A. D. 1915, or said petition will be taken as true, and a judgment for said plaintiff in said action for divorce and custody of children will be rendered accordingly.
Dated this 7th day of September, 1915.
J. B. CHAMBERLAIN,
Attorney for Plaintiff.
Attest: S. F. HAYNIE, Court Clerk.
